

*Don't Think Of It As A Goodbye...*

**ESSENTIAL SUMMER CARE:**

Now is the time to place your fur, shearling, leather, cashmere, alpaca and precious fibers in our cold storage vaults. Proper temperature and humidity prevent loss of natural oils and deterioration of the pelts. The more summers in cold storage, the longer your coats will last.

**CONDITIONING PACKAGE**

Clean, glaze, restore, and maintain the beauty, softness and suppleness to furs & leather.
